DR. SHUBEAL HEWES' CELEBRATED RHEUMATIC, NERVE AND BONE LINIMENT.

Applied morning and night, has cured hundreds. It gives relief in the swelling of the glands of the throat, and relieves the numbness and contractions of the limbs, and will take swellings down, and inflammation out of the flesh, rheumatism, bruises and sprains. It gives immediate relief; it strengthens weak limbs, and extends the cords when contracted. A few drops on sheep's wool applied to the ear of deaf persons, will, by constant application, cause them to hear in two months' time.

Sold by the Druggists in Bangor and throughout the State. Address COMSTOCK, & CO. New York.

HEADACHE

DR. E. SPOHN, a German physician of much note, having devoted his attention for some years to the cure and removal of the causes of the NERVOUS AND SICK HEADACHE, has the satisfaction to make known, that he has a remedy which by removing the causes cures effectually and permanently this distressing complaint. There are many families who have considered Sick Headache a constitutional incurable family complaint. Dr. S. assures them that they are mistaken, and labor under distress which they might not only alleviate but eradicate by the use of his remedy.

It is the result of scientific research, and is entirely of a different character from advertised patent medicines, and is not unpleasant to the taste.

Sold by every Druggist in Bangor, and throughout the State. Address COMSTOCK, & CO. New York.

LAST DAY.

HAVE YOU A COUGH? Do not neglect it. Thousands have met a premature death for the want of a little attention to a common cold.

Have you a cough? Rev. Dr. Bartholomew's Expectorant Syrup, a safe medical prescription containing no poisonous drugs, and used in an extensive practice for several years will most positively afford relief, and save you from that awful disease, pulmonary Consumption, which usually sweeps into the grave hundreds of the young, the old, the fair, the lovely and the gay!

Have you a cough? Be persuaded to purchase a bottle of this Expectorant Syrup to day! To-morrow may be too late.

Have you a cough? Bartholomew's Expectorant Syrup is the only remedy you should take to save you.

For this plain reason: That in no case of the thousand cases where it has been used, has it failed to relieve.

NEW AND IMPORTANT DISCOVERY.

DR. PHELPS' COMPOUND

TOMATO PILLS,

[ENTIRELY VEGETABLE.]

A New and Invaluable Medicine for all Diseases arising from Impurities of the Blood, Morbid Secretions of the Liver and Stomach; also a

Substitute for Calomel;

as a Cathartic in Fevers and all Billious Affections.

THESE popular Pills being a combination of a newly discovered Alkaline substance, extracted from the TOMATO PLANT, with other vegetable substances which have been found to modify and divest its effects, are believed to be the best Alterative and Cathartic Medicine ever discovered. They have been abundantly and successfully tried, and have received universal approbation for Scrofula, Dyspepsia, Jaundice, Bilious Diseases, Gravel, Rheumatism, Coughs, Colds, Influenza, Catarrh, Nervous Diseases, Acid Stomachs, Glandular Swellings of all kinds, Costiveness, Cholic, Headache, &c.

They are an antidote to Contagious and Epidemic diseases; prevent the formation of Billious and Liver affections, Fever and Ague, &c., in those who reside in hot climates, and low and marshy countries, and are the best Cathartic that can be used for those localities. Seamen will find them an infallible remedy for the Scurvy; and Travellers, the best medicine they can use to counteract the dangers of exposure in unhealthy climates. For ordinary Family Physic, they are universally approved, as the best ever offered.

These Pills have a powerful and salutary operation upon the Glandular System, removing all obstructions from the Gland, wherever situated, Scirrosities and Scrofulous Taints in all their forms, and if persevered in, no case of Scrofula, however severe, can resist its influence. It is in their operation on the Glandular System, that their effects are so peculiar and potent; and so nearly resemble that of Calomel. In fact, the Tomatoe has all the Alterative Deobstruent and Cathartic properties of Calomel, without ever producing unpleasant or injurious effects under any circumstances, either from exposure to cold or wet; on the contrary, the Compound Tomato Pills are the best remedy ever known to counteract the effects of Mercury, completely eradicating every particle of it from the system, and renovating the constitution broken down by its use; which it does by correcting the state of the blood, and through that, correcting the morbid secretions of the glands, and restoring them to a healthy and their own proper action. Its effects are analogous to Sarsaparilla and Blood Root, and in its combined action in the ingredients composing the Pills, it exerts a universal action peculiar to itself.

The peculiar virtues of the Tomato Plant, have for a long time attracted the attention of the Medical profession and the Public, and a lively interest has recently been directed to the future development of its active powers, and its Antibilious and Alterative qualities; which the Proprietor is now happy in being able to gratify and presents his Pills to the Public, with the full confidence of their being the most safe and valuable remedy ever discovered adapted to all cases where nature is disturbed, and when any of the functions do not perform their natural or healthy action.

Numerous certificates of cures, from those who have taken them, and the testimony of several Physicians who have prescribed them, all concur to corroborate this opinion. The rapidly increasing demand for, and the universal approbation bestowed upon them, is an additional evidence of their merits and usefulness.

In presenting this article to the public, the Proprietor was influenced by the hope that a medicine prepared with much care, and strict regard to the Chemical and Therapeutic properties of its several ingredients, should take the place of the thousand and one irresponsible nostrums of the present day, with which the country is deluged, and from the favor already bestowed upon it by physicians and others, he feels justified in expecting this result.

Often have the cures performed by this medicine been the subject of editorial comment, in various newspapers, and justly and truly with truth be asserted that no medicine of the kind has ever received testimonials of greater commendation than are attached to this.

Females from forty to fifty years of age will find them a powerful assistant to nature, in the important change in the functions of the system, removing all liabilities to Cancers, glandular swellings, &c., and assisting to establish that new action in the animal economy which nature often fails to do. None should avoid a free and continued use of them, if they wish to escape a long train of incurable maladies. For this purpose one should be taken every night and morning, and continued as long as any unpleasant symptom remains.

For that congested and deranged state of the system which occurs in the commencement of Spring and Summer, these Pills are particularly applicable, in preventing Rheumatism, Coughs, congestion of the lungs, &c., and have prolonged many a life that otherwise would have been a sacrifice to the changes of the season.

Those persons liable to sore throats, swelling of the glands, coughs, and other symptoms indicating Scorofula or Consumption, should take warning in season, and embrace a remedy, which, while it is searching out and eradicating disease, makes no deductions from the vital powers of the system.

As a Dietetic or Dinner Pill, one taken half an hour after dinner, will sufficiently stimulate the digestive powers of the stomach to a healthy and invigorated action, and they are mild and extremely serviceable for those who indulge in long dinners, or late supers, or immoderately in deserts or fruit.

For a full account of this interesting discovery, testimonials, mode of operation, &c., see pamphlets, in the hands of all who sell these Pills.

Enquire for PHELPS' TOMATO PILLS, and be particular to observe that the label is signed G. R. PHELPS, M. D. Price 37 1-2 cents, with full directions accompanying each Box.

From the Boston Morning Post.

New Medicine. An Alkaline principle called Tomatine has been discovered in the Solanum class of plants, particularly in the Tomato, which promises to be of peculiar service in Lung Affections, Scrofula, and Glandular obstructions, particularly of the Liver, also an antidote to Mercury. It is embodied in the Compound Tomato Pills, which are truly worthy of a trial.

From the Pa[illegible] Herald.

PILLS. Unlike the numerous speculations of the day, there is one medicine which deserves the popularity and patronage it is receiving. We allude to Dr. Phelps' Compound Tomato Pills. Judging from the patronage they are receiving from the Medical Faculty, and the approbation of those who have used them, we should expect they would supercede all others in use, as a family medicine. Being introduced by a respectable and practical member of the Medical profession, whose character in this vicinity is a sufficient guarantee for the character of his medicine, we are enabled thus confidently to speak of it, and fully believe it is entitled to the confidence of the community.

From the N. Y. Transcript.

COMPOUND TOMATO PILLS. Dr Phelps, of Hartford, has brought into successful use a most invaluable medicine in the Pill form, the chief component of which is derived from that healthy and pleasant vegetable, the Tomato. As this plant is known to possess medical virtues of a high order, as well as a large amount of nutriment, so the medicine into which it is compounded, is known to be powerfully available as a curative remedy in morbid secretions of the Liver and Stomach, impurities of the blood, and diseases of a bilious type generally. It is an excellent substitute for calomel, as an anti-billious and cathartic medicine without its injurious properties, and has been found extremely efficacious in the cure of a long catalogue of diseases. Having adventured upon the use of this medicine ourselves, we cordially recommend it to others.

Health and Strength!

DR. S. O. RICHARDSON'S

SHERRY WINE BITTERS,

ARE the only sure remedy for Dyspepsia and Jaundice that has ever been discovered and their general use for 32 years, with recommendations from the most eminent of the medical faculty, and editorial notices from the Boston Morning Post, Boston Daily Mail, Plymouth Memorial, Amoskeag Representative, Barnstable Patriot, Essex Banner, Haverhill Gazette, Lowell Patriot, Bunker Hill Aurora, Charlestown, Portsmouth Gazette, N. H., Dover Gazette, N. H., Northern Star, R. Island, Lincoln Telegraph, Me., New York Evening Signal, &c., must assure the afflicted that they possess wonderful merit.

THEY GIVE LIFE, ELASTICITY AND VIGOR to the viscera, promote the peristaltic action, cleanse the stomach and bowels from unhealthy accumulations, and purify and enliven the blood in the most thorough and effectual manner.

They are the most certain remedy for all those prevalent diseases called dyspepsia, and all its complaints, Heartburn, Dizziness, Headache, Wandering or settled Pains, Sinking Faintness, Sour Stomach, Loss of Appetite, Weakness of the Limbs, Nervous Debility, Costiveness, Piles, and all diseases caused by an unhealthy state of the stomach and bowels.

They are the unrivalled and efficacious compound of a REGULAR PHYSICIAN & Graduate of the NEW-HAMPSHIRE MEDICAL COLLEGE who has made the study of Medicine his profession.

Being composed entirely of vegetables, they are of such a nature that they may be taken for any length of time by invalids of any age, without injuring the system or exposing it to take cold.

BEWARE OF PEDLARS!!

The genuine article cannot be obtained of them on any pretence whatever.

I NEVER EMPLOY THEM, NOR ALLOW THEM TO SELL MY MEDICINES.

And all Bitters, put up in phials and small round bottles, purporting to be mine,

ARE BASE COUNTERFEITS.

As some are base enough to fill the empty bottles with their stuff, and thus deceive the unwary, and some have attempted an imitation of my Bitters in papers.

BE CAREFUL OF WHOM YOU PURCHASE!

In consequence of these attempts at imposition, I have been at great expense in having new directions and wrappers, and in future the Bitters in papers will be done up in a different style. See that the envelope has on it my name in full, "entered according to act of Congress, in the year 1840, by S. O. Richardson, M. D., in the Clerk's Office of the District Court of Massachusetts," and on the other side, "Established at South Reading, County of Middlesex, Massachusetts." The border around the inside directions, (which are printed on white tissue paper,) is so curiously engraved that the words "Dr S. O. Richardson's Sherry Wine Bitters" present themselves in a thousand different forms. As a copy right has been granted me,

ALL INFRINGEMENTS WILL BE SEVERELY DEALT WITH according to law. The bottles are nearly ready to be issued in the same style.

All Bitters prepared by me have a fac-simile of my signature on the outer envelope,

TO COUNTERFEIT WHICH IS FORGERY.

AS YOU VALUE HEALTH, BE CAREFUL!

Orders from Agents, merchants, traders, druggists, apothecaries and dealers in medicines, will be punctually attended to, and sent to any part of the country, safely packed in boxes.

A liberal discount will be allowed on the sale.

COPY OF CERTAIN RESOLVES PASSED BY THE LEGISLATURE OF MAINE, IN THE YEAR 1841.

STATE OF MAINE.

RESOLVES for the appointment of a Board of Commissioners to settle the claims between certain individuals and the State.

RESOLVED, That the Justices of the District Courts in this State be appointed Commissioners (and in the event of a vacancy in the Board from any cause, the Governor, with the advice and consent of Council, shall forthwith proceed to fill the same) whose duty it shall be, on application made within one year from the passage of these Resolves of any person indebted to the State for the purchase of lands sold since the first day of January, in the year of our Lord one thousand eight hundred and thirty four, or who have become assignee to any such purchaser, and having an equitable claim against the State, praying to be relieved from the payment of notes due to the State, and from obligation to perform certain settling duties, either wholly or in part, and asking for a conveyance of the land originally contracted to be sold, either wholly or in part, to proceed and hear and examine, on oath or affirmation, every question and all facts relative to said applications. And said Commissioners are hereby empowered, after a full hearing and examination of such cases, to make a written report to the Land Agent, directing him to settle and adjust said claims in such way and manner and upon such terms as to them shall seem equitable, just and expedient; and said Commissioners may further direct such costs to be paid by said applicants, on account of expenses incurred by the State as to them shall seem reasonable and proper, to be paid before the execution by the Land Agent of the award.

Resolved, That each applicant shall make out and file with the Land Agent, as soon as may be, brief statements of his case, one copy of which shall be forwarded by the Land Agent to each of the Commissioners, and one to the Attorney General.

Resolved, That all documents and written evidence produced before said Commissioners shall be deposited in the Land Office.

Resolved, That the Land Agent be and hereby is authorized, upon the report made to him in writing by said Commissioners or a majority of them, to cancel and surrender any notes, securities, or obligations in his hands, and to discharge mortgages, give releases, and make and execute conveyances, in such way and manner, and upon such conditions only as shall be prescribed in the report of said Commissioners.

Resolved, That the Governor, with the advice of Council, is hereby authorized to audit the accounts of said Commissioners, and to allow them such compensation for their services as to them shall appear reasonable and proper; and the Land Agent is hereby authorized to pay said Commissioners the amount due them allowed as aforesaid by the Governor and Council.

Resolved, That said Commissioners shall give public notice of the time and place of their first meeting under this Resolve, three months prior to said meeting, by publishing a notice thereof three weeks successively in the State newspaper, and in such other public newspapers as they may think proper; and it is hereby made the duty of the Attorney General to procure evidence, and to attend the meetings of said Commissioners, and act in behalf of the State in such applications that shall be laid before said Board of Commissioners. [Approved March 31, 1841.]

STATE OF MAINE.

An additional Resolve in relation to the appointment of a Board of Commissioners to settle claims between certain individuals and the State.

RESOLVED, That the Resolves approved Mar. 31, 1841, appointing the Justices of the District Court a Board of Commissioners to settle the claims between certain individuals and the State, shall become a law and take effect from and after the passage of this Resolve; that a majority of said Justices may constitute said Board and be authorized and empowered to act in the premises, and that thirty days notice shall be given, instead of three months notice as required by said Resolves. [Approved April 16, 1841.]

The undersigned, the Commissioners named in the foregoing Resolves, hereby gives notice that they will meet at the COURT HOUSE, in Bangor, on the TWELFTH DAY OF JULY next, at ten o'clock in the forenoon, for the purpose of acting upon the claims and performing the duties contemplated in said Resolves.

THE APPORTIONMENT.

We have previously treated of the apportionment of 1841, upon its own merits, and shall now briefly examine the apportionment of 1831, for the purpose of seeing with what finess and constitutional scruple our opponents then acted, and what might have been expected from them, had this work fallen into their hands the present year. A comparison of the two apportionments, will show most conclusively, that their growling, proceeds from no higher principle than mortification and regret that they were not able, again to cut and carve the State to suit their own purposes, as they did in 1831.

Below, we have prepared a table similar to the one showing the present apportionment, for the purpose of illustrating the apportionment of 1831.

Population of Whig towns,	197,904
Average No. to a Representative,	2,563
Population of Loco towns,	194,578
Average No. to a Representative,	1,834

By the above table it will be seen that the Whig districts throughout the State, contained, on an average, 301 more inhabitants than the Loco districts; that 19,390 inhabitants of Whig towns were swallowed in Loco districts; and, measuring the Whig population by the Whig towns, it required 2,563 Whigs to elect a Representative, while 1,834 Locos enjoyed the same privilege. Look at the County of Cumberland, and see how the vast disproportion there was obtained. A representative was given to Danville, (Loco) with 1,128 inhabitants, while Brunswick, (Whig) with a population of 3,536 was allowed but one. Otisfield, (Whig) with a population of 1,273 was classed with Harrison, (Whig) making an aggregate of 2340, double the population of Danville, and was allowed but one representative. In Lincoln County, Newcastle, containing a population of 1,544, being a greater number than that contained in the Washington and Patrickton district, was classed with another large Whig town. Jefferson was allowed a representative but 7 out of the 10 years, with a greater population than the Washington and Patrickton district, which elected a representative every year.

Look at the Hammer district in our own county, which was 45 miles long and 6 wide, with incorporated towns on both sides of it, and enjoying [illegible] regard was here had to convenience [illegible] The same representation was given to Bangor and Orono, yet the former contained double the population of the latter. Hancock, though it was a Whig county, was so cut up as to give the locos 7 out of its 11 representatives. In every instance where it was possible, a loco town was tied to a Whig town for the purpose of drowning it under water. The strong Whig towns of Bluehill and Orland at a distance from each other, and in no manner connected, were classed together, in order to get rid of them, and enable the locos to carry out the work of disfranchisement without such impediments in their way. Thus, Surry, instead of being classed with Bluehill, where it belongs, [illegible] Ellsworth, to overwhelm the Whig majority of that town. Penobscot was thus made to eat up Castine, and Sedgwick to swallow Brooksville. But it is needless to pursue the subject further. Every county could disclose its enormities. Enough has been adduced to show, [illegible] the past is a [illegible] future, with how much [illegible] the locos would have dictated the State the present year.

The constitution gives to every town the right of separate representation if it delays the right. How [illegible] right regarded by our opponents in 1831? More than 30 towns petitioned that year for separate representation which was denied them. In Kennebec county, none of those towns which petitioned for a separate representation were allowed it, while the privilege was granted to many towns that [illegible] Lake for instance [illegible] the latter place, the [illegible] yet [illegible] where [illegible] separate representation, which our constitution appreciates [illegible] refused, but classed them together; and thus generally the locofoco district. This is regarding [illegible] the people with a vengeance. [illegible] and Windsor were allowed a separate representation. Greene, which was Loco, with a population of 1,324, was allowed a representative 6 out of the 10 years, while Windsor, which was Whig, with a population of 1,485, was allowed a representative but 4 out of the 10 years. It seems that our opponents acted upon the rule, the greater population the less representation. Acting upon the same principle, the Whigs should have given Hebron 6 and Buckfield 4 out of the 10 years, instead of Buckfield 6 and Hebron 4, as under the present law. The Constitution allows those towns having 1,500 or more inhabitants a representative; until [illegible] this basis, the whole number of representatives shall reach 150, and until such is the case, it requires all towns not having this number, to be classed with other towns. On this point the Constitution is clear and explicit. We will quote its words: "Every town having 1,500 inhabitants may elect one representative; and towns and plantations duly organized, not having this number, SHALL be classed as conveniently as may be, into districts containing that number." In 1831, 9 towns having less than 1,500 inhabitants were allowed a representative the whole ten years, while on the other hand, 10 towns having a population of more than 1,500 were either classed, or were allowed a representation but a part of 10 years. It is impossible to conceive more gross and outrageous violations of the Constitution than were then committed. Yet these very men who were guilty of them, and particularly our loving chaplain of the locofoco organ in this city, are filled with pious horror at the least allusion to the apportionment of last winter. We have heard of Satan's rebuking sin, but were never [illegible] of the fact before. The Constitution requires that the districts made up of classed towns shall contain as near as may be the same number of inhabitants. Now there are a number of Whig districts, under the apportionment of 1831, containing double the population of some of the Loco districts, the former containing nearly 3,000, while some of the latter contain a little over 1,000 inhabitants!

Such are a few examples of the regard paid by our opponents to the Constitution, to the rights of the people, and common decency in the apportionment of 1831. Its wanton disregard of all fairness disgusted all parties. These men intended to have the same work to do the present year. Previous to the last election, the thing upon which the Loco papers insisted more than all others, was the importance of carrying the State the present year in order to secure to themselves the apportionment. Having met with a signal overthrow, and failed to secure any advantage by their dishonesty, as they did in 1831, we must expect some complaint, though the public will attribute it to its true cause chagrin and disappointment at their defeat, rather than any sufficient cause for fault finding in the conduct of the Whigs.

At a future day we shall notice the Senatorial apportionment.

A CHILD LOST IN THE WOODS.

A daughter of Mr. David W. Bonbar of Linneus, in Aroostook county, on the morning of the 4th inst. was sent by her mother to a neighbor's house, half a mile distant, to borrow a little flour for breakfast. The girl is only 9 years of age, and in going through the woods, lost her way. The news spreading about 40 of the neighbors collected and went in pursuit, but returned without any tidings of the child. The next day the company was increased to sixty persons and searched the woods all day, with no better success. On the following day, between two and three hundred of the settlers assembled early in the morning, their hearts swelling with sympathy and all eager to restore the little wanderer to the arms of its dispairing parents.

The company set out for a thorough and a last search. The child had been in the woods three days and three nights, and many hearts were sunk in despondency at the utter hopelessness of finding it alive. But to learn its fate or restore it, was the indomitable purpose of each. Half the day had been expended in entering the forest. It was time to think of returning, but who could think of doing so while an innocent child might be wandering but a few rods in advance? On the company pushed, still deeper into the dense wilds. The sun had reached the meridian and was dipping down towards the West. It seemed vain to look farther and slowly and heavily those stout hearted men brushed a tear from their cheeks, gave all up as lost, and, as their hearts seemed to die within them, commenced their return. The line was stretched to include a survey of the greatest possible ground, not a bush or tree, where it was possible for a child to be concealed, within the limits of the line, was passed without diligent search. Those at the extremities of the line looked themselves to the utmost in examining the woods beyond the line. They had travelled for some time, when, at the furthest point of view, the man on one flank thought he saw a bush bend. He ran with swelling heart. He hesitated. Was it his imagination? He gazed a moment. The bush bent again, and the head of the little wanderer was seen. He rushed forward, and found the little girl, and upon a log and breaking the twigs she had plucked from the bush which so providentially led to her discovery. She did not appear to be frightened; said she had lain in the wood three nights, and had not seen or heard any wild beasts, and that she thought she could get to Mr. Howard's for the flour before [illegible] dark, but after [illegible] of her course for more [illegible] very [illegible] She was found about three miles from where she entered the wood. [illegible] very thin, and the [illegible] she had left home [illegible] had gone [illegible] and stood in the pit [illegible] not even putting [illegible] over her during the night, as she innocently said, "to keep from dirtying it or her mother could whip her." Our informant states that she is now as well and happy as the other children.

The *Rifle Corps* were out yesterday on parade duty. They never looked finer, or performed their evolutions and marches with better precision and accurateness. We are pleased to witness an improved military spirit prevailing among our young men. It should be encouraged. The military is our protection in peace and our science in war. The Rifle corps is well officered, and its ranks are well filled; but there is one thing needed. An elegant standard would add much to the already good appearance of the corps. Where are the young ladies of Bangor? There must be patriotism enough in them to present the company with a standard. What say, young ladies?

☞ We learn that the Engine on the Oldtown Rail Road just after leaving the depot at Old town, yesterday, run off the track with the tender. The Engine fell over the bank upon the leg of the Engineer Mr. Johnson, and pinned him to the earth, yet he was perfectly collected and gave directions as to the engine and the manner of extricating him from his perilous situation. He was shortly relieved without any serious injury. Several passengers were slightly bruised. The Chimney of the engine was broken and no other injury occurred to the train. The passengers came to this city in carriages.

☞ Messrs. Purkitt & Pond' first Lecture, which will be free, will be given at the *Court House*, to morrow evening, and not at the City Hall, as stated yesterday.

It will be noticed that Mr. John *Crisis* Calhoun, as the Charleston Courier styles him, has not been placed on a single committee.

The survivors from the Ship William Brown. In addition to the particulars already published of the preservation of the Captain and others, who were taken up in the jolly boat and carried into St. Pierre, it is stated that while they were in the boat they had but half a biscuit, and two *needle cases*, or about half a wine glass of water, for twenty four hours. They supposed from the situation of the mate and others in the long boat, that they must have been lost, as they undoubtedly would have been if not providentially fallen in with by the Crescent, or by some other vessel in about the same time. A schr. came into St. Pierre after a detention in the ice of four weeks, and another schooner after being entirely lifted out of the water by two pieces of ice, was let down again by their separation and subsequently crushed. The crew escaped upon the ice and were relieved by sealers.

The Kennebec Road. The Government of Canada for the purpose of accelerating the settlement of the country bordering on the Kennebec road, offer fifty acres of land to every person of twenty one years of age or upwards, who will settle upon a said land, and clear and place one third of it under crop within four years [illegible]

Summer Complaint. The season for this very fatal disease to children is rapidly approaching, and we know not if our readers are acquainted with a remedy of sufficient strength to arrest it in any stage. The Philadelphia Chronicle tells of one, the Rose Plant, of the easiest cultivation, and of unfailing power. It is used in the following manner. When a child is affected, take a tumbler of water, and pull a leaf or two from the plant and stir it round in the water for several minutes, which then becomes a tasteless liquid, and has the resemblance of [illegible] drop of milk in it. The effect is instantaneous, relieving the child entirely from the complaint. He may live [illegible] vegetable, and of that [illegible] it to serve parent to secure his child from danger by its application. [illegible] *New York Sun.*

Whales. Capt. Jewett, of the steamboat Huntsman, informs us that [illegible] returning [illegible] City [illegible] passed along [illegible] the midst of them. In coming up on Saturday he passed directly alongside of one about forty feet in length. They are of the hump-back species. Where are the men of New Bedford and Nantucket whaling? [illegible]

Adams's Venuis Water.

THE true Kennedy! the Sovereign Restorative! the grand producer!!! The subscriber informs the public that after FOURTEEN YEARS of study, ten of which have been years of immense labor and difficulty, he has discovered the only true remedy against the loss, the sovereign restorative in case of a deficiency, and the grand producer of that most beautiful ornament of "the human form divine," THE HAIR!

That it may be known that this Venuis Water is an invaluable article, I will state that in the first years of my labors upon it, its application to the head for two consecutive seasons, was necessary in order to establish a good growth of hair, but now only one season is required, so successful have been my improvements upon it! And I have the proud satisfaction of knowing that in the City of Bangor alone two hundred and sixty six heads which were once bald, can, by the heavy growth of hair upon them, bear witness to the wonderful effects which the Venuis Water has produced within eighteen months!

I will add a few, of the certificates almost innumerable, which have been given me by individuals who have derived benefit from this Water.

Mr. T. D. ADAMS, Having availed myself of the extraordinary benefits of your Venuis Water, I feel it my duty to the public, as well as to yourself, to submit for their perusal, a plain statement of the facts in my case. I had been entirely bald for some years, and had lost my eye-brows, during which time I tried the remedies of three physicians without any benefit.

In reading over the advertisement of your celebrated Venuis Water, I concluded to try it, and now am the possessor of a fine head of hair and a beautiful pair of eye-brows.

Miss ELIZA WORTHINGTON.
Bangor, May 8, 1841.

This is to certify, that I have used Mr. Adams' Venuis Water for baldness of the head, and that it has restored me a good head of hair, where before using it the hair was entirely gone. I also have used other medicines which have started the hair, but it would come out again. But the Venuis Water has restored it so that it is as strong and stronger than before I first lost it. And I tell those who are troubled with baldness, I would say be sure and call on Thomas D. Adams, and try it immediately, and you will have your hair growing again forthwith. ARTEMAS J. EGERY.
Bangor, May 14, 1841.

This may certify, that for the last six months I have used T. D. Adams' Venuis Water, and have the satisfaction to say that the top of my head, which for a long time was bald, is now entirely covered with a good growth of hair.

EDMUND HOLT.
Bangor, February 25, 1841.

I hereby certify that for the last two or three years my head has been bald, and that during that period, I have used a great number of applications recommended for their efficacy in restoring the hair, from which I have never received any benefit, some even having proved injurious, until the last summer, I made use of Thomas D. Adams' Venuis Water, which has entirely exceeded my expectations, and covered my head with a strong growth of hair. HANNAH PALMER.
Bangor, May 15, 1841.

This may certify that the hair upon the top of my head, being nearly gone and the remainder fast dropping off daily, I was induced by Mr. T. D. Adams, to try his Venuis Water, and during the last year he has made frequent applications of it to my head. I have now a considerable growth of new hair, produced, as I suppose, by the use of his remedy. E. HARRIS.
Bangor, Feb. 3, 1841.

This may certify that I called on Mr. T. D. Adams in May, 1836, I used his Venuis Water for three months and it has produced as much hair as I wish to have on my head.
Bangor, Sept. 1837. NANCY SMITH.

This may certify that my head was entirely bald, and by the use of T. D. Adams' Venuis Water for three months my hair has been restored.
Bangor, Feb. 15, 1841. CALEB B. HOLMES.

I have used Mr. Adams's Venuis Water, for the growth of the hair for about six months, and am happy to say that it has answered every purpose in producing a good head of hair, and prevent the hair from coming out by combing.
Bangor, Feb. 8, 1841. MARY JONES.

This may certify that for the last six months I have used Adams' Venuis Water, and have the satisfaction to say that the top of my head which for a long time was bald is now entirely covered with a good growth of hair.
Bangor, Feb. 12, 1841. WM. FROST.

This may certify that for the last twenty years the top of my head had been bald, but now is well covered with a good growth of hair, I used the Venuis Water for four months.
Bangor, Feb. 15, 1841. E. R. WARREN.

This certifies that I have used a preparation made by Mr. Thos. D. Adams of this city, to restore hair to the head, after it had fallen off, and having derived much benefit from it, I would cheerfully recommend its use to others.
Bangor, Feb. 16, 1841. A. HOLTON.

VALUABLE PROPERTY AT AUCTION.

The following described real estate with the buildings thereon, situate in Bangor, near the centre of business, will be sold at public auction, on THURSDAY, the FIFTEENTH DAY OF JULY NEXT, at three o'clock in the afternoon, on the premises, viz:

A lot of land and buildings thereon situate on the corner of Pine and State Sts. and measuring on Pine street 105 feet, and on State street 26 feet more or less, being the easterly brick tenement in a block of two houses, and the same now occupied by Wm. B. Reed together with a four feet passage way, leading from the southerly end of said lot westerly 50 feet.

A lot of land with the buildings thereon, situate on Centre street, near R. Prince's, and measuring thereon 50 feet and running back 132 feet.

A lot of land on or near Hammond street, beginning at a stake, 20 feet from said street, and two rods distant from land formerly owned by heirs of Isaac Davenport; thence running northwesterly parallel with said Davenport's line 60 ft.; thence northeasterly at right angles with the last line, 12 ft. to a stake; thence southeasterly 13 ft. 6 inches to a stake; thence southwesterly, taking one half the barn, 20 ft.; thence southeasterly in front of the barn to the centre of the passage way 5 ft.; thence southerly on the centre line of said passage way, 10 ft. in width, about 112 ft. to the bound begun at, reserving the right to J. P. Harvey, or those claiming under him of passing and repassing in said passage way, which is to be kept open, together with a like right of passing to and from the well and using the water therefrom, he or they bearing one half the expense of keeping said well in repair, being the same premises now occupied by Daniel Remick.

A lot of land, commencing on the road leading from Bangor to Levant, and at the southeasterly most corner of J. Finson's land; thence running south 61 and a half deg. west, 104 rods to said Finson's land; thence north 35 deg. West, 40 rods to a stake; thence north 61, and one half deg. east, 108 rods to said county road; thence south 30 deg. east forty rods to bound begun at, containing 26 acres.

Also the lot of land and dwelling house, southerly of and adjoining the first described lot: beginning on the west line of Pine st. where it intersects an extended line of the northerly wall of the [illegible] tenement, on the south part of said lot, thence running westerly by said wall and in the line of the same 72 ft.; thence on a line parallel with said west line of Pine st. about 36 ft. to lot 118; thence on said lot 72 ft. to Pine st.; thence on said street 36 feet first bound; and the same now occupied by Mr. Wheeler.

A lot of land situate on Exchange and Harlow sts. bounded by said streets, and East Market Square, and the same more particularly described in deeds from Nathaniel Harlow, and Jos. B. Fiske to Thomas Drew, recorded in Penobscot Registry, vol. 26, pages 463, and 466, and vol. 71, page 308; subject to a mortgage from said Drew to Bangor Insurance Company, recorded vol. 46, page 169, and said mortgage and the note secured thereby will be sold as aforesaid.

The aforesaid property being the same conveyed to the Suffolk Bank by deed recorded in the Penobscot Registry, vol. 111, page 528. Terms Cash. For further particulars respecting the title, and the title to the purchaser, apply to

Important Caution.

It is a singular fact and one much to be regretted, that valuable medicines, as soon as they become popular, and have received the test and approval of a discriminating public, are sure to be counterfeited, and thus a bad and spurious article is immediately palmed upon the unsuspecting as the genuine This has been notoriously the case with all popular tried and truly valuable medicines for years past, and will probably continue to be the case for years to come.

The base and contemptible counterfeiter in this way meanly takes advantage of all the efforts and the advertising used by the proprietors of the genuine article to get their medicines into use and deserved popularity It is therefore not less the duty than it contributes to the safety of every honest individual in the community, to expose, frown down, and forever after distrust all heartless ingrates, who thus irresponsibly intrude with health, and life.

THEREFORE TAKE NOTICE.

There is a person by the name of J. B. ROCHEFORT, now engaged in selling a Pill done up in boxes in exact and perfect imitation of the genuine INDIAN VEGETABLE PILLS, with the omission of only one word on the boxes viz. WRIGHT. The Pills sold by this Rochefort are evidently intended as a fraud and imposition upon the community or they would not have been done up in such exact imitation of the genuine. This person is tall and blustering, with a great Thoatrical swagger. He was recently known as a very poor player in Baltimore, under the musical cognomen of Jim Brown, and is about twenty five years of age. It is almost beyond a doubt that he is supplied with the Pills from a Druggist firm in this city, who have been heretofore notoriously connected with counterfeit medicines. As soon as proof is obtained, the fountain head of this nefarious business will be exposed, that the community may shun them as they would a serpent.

IN THE MEAN TIME THE PUBLIC ARE CAUTIONED

against buying WRIGHT'S Indian Vegetable Pills of any man who does not exhibit a certificate of agency signed by the agent for the New England States, and bearing date since January, 1840. Also take particular notice that the following wording is on the Boxes

WRIGHT'S *Indian Vegetable Pills* (Indian Purgative) of the North American College of Health.

THE INDIAN VEGETABLE PILLS are a certain cure for disease in its every variety of form because they thoroughly cleanse the stomach and bowels, induce a proper discharge by the lungs, skin and kidney, and stimulate the blood to purify itself. In other words they open all the natural drains, and leave NATURE (THE GRAND PHYSICIAN) free to drive disease from the body. The above outlets, or drains, are the common sewers of the body, through which all morbid and corrupt humors (the cause of disease) are carried off and so long as they are all kept open, and discharge freely their allotted portions of impurity the body will continue in health; but when from eating improper food, breathing impure air, sudden transitions from heat to cold, over exaustion, or any other cause the bowels become costive, the pores of the skin become closed or the kidneys fail to perform their functions properly, the impurities which should be drained from the body by those outlets will be retained, and continue to accumulate until the body becomes literally loaded with disease.

The above pills may be taken at all times and under all circumstances, with perfect safety. They suit all complaints and all ages, and are as natural to the human constitution as food, gently they can not injure even the most delicate. Like our food they are digestible; therefore they enter into the circulation, and impart an energy to the blood which enables it to flow with freedom quite to the extremities, and consequently to keep the pores of the skin open. They are true and perfect purifiers of the blood; because they drain all corrupt humors from that life giving fluid. They impart strength and vigor to the whole system, and their effects are always beneficial; because they only remove those humors which are opposed to health. They aid and improve digestion, and sound sleep follows their use; because they cleanse the stomach and bowels of their slimy humors which not only irritate and excite the nervous system, but paralize and weaken the digestive organs. In short they possess all the good properties that can be claimed for any medicine; and what is very remarkable, it is utterly impossible to use them without benefit.

Price 25 cents per Box, with full Directions.

The Office and General Depot for the New England States, is 198 TREMONT STREET, near Concert, Boston.

The Regular appointed Agents can receive their supplies of the above popular Pills, as heretofore, from the ONLY OFFICE and GENERAL DEPOT for the New England States, 198 Tremont street Boston.

Traders or Travelling Agents are not allowed to sell the Genuine Indian Vegetable Pills, therefore never purchase them, for if you do you will be sure to obtain a DANGEROUS and Counterfeit Pill.

DR. ABARE'S UNIVERSAL SANGUINARIAN OR

BLOOD-ROOT PILLS.

THE pretence that any medicine is nearly an "infallible cure" for all diseases "that flesh is heir to," whatever their character, is a flagrant imposition upon the public confidence, and a most wicked outrage upon the generous sympathy that suffering humanity justly demands of us. Yet the very frequency and boldness of these impious frauds so eminently cruel to the unfortunate, furnish sufficient ground for presuming the public a remedy that may be intelligently appreciated and relied upon. That powerful medicinal agent the Blood Root is the basis of the Universal Sanguinarian Pills, and all the materials are drawn from the Vegetable Kingdom the grand source of support to animal existence. But in the combination the different ingredients are so blended and modified as to give the compound a remarkable advantage over the simples, and it is believed over all other medicines. When it is considered that nearly all diseases, chronic and acute, are connected with a disordered action of the stomach and bowels, and that in most instances this is superinduced by disorder of the Bile, or Gall, which is the natural physic of the system and when it is farther considered that these Pills act with singular power upon these many organs, and through them upon the blood and entire physical economy, sober reason must justify the assertion, that this valuable discovery furnishes a remedy of rare efficiency in all curable cases of disease; and this deduction of reason is abundantly corroborated by experience. This medicine harmonizes with the laws of life, invigorates and strengthens nature, and works its wonders, by generously cheering her on to a triumphant conflict with the obtrusive agents of disease. It is offered for general use, and as a safe and most valuable family medicine. Safe, not because it does nothing, (like many contemptible nostrums of newspaper celebrity, which by occupying the place of efficient remedies, are often fatal) but only because it works and co-operates with nature, instead of setting her aside and violently attempting to perform her work by dangerous foreign agency

HAYS' LINIMENT.

NO FICTION. This extraordinary chemical composition, the result of science, and the invention of a celebrated medical man, the introduction of which to the public was invented with the solemnity of a death bed bequest, has since gained a reputation unparallelled, fully sustaining the correctness of the [illegible] Dr. [illegible] "he dared not die without giving to posterity the benefit of his knowledge on this subject," and he therefore bequeathed to his friend and attendant, Solomon Hays, the secret of his discovery.

It is now used in the principal hospitals, and the private practice in our country, first and most certainly for the cure of the Piles, and also so extensively and effectually as to baffle credulity, unless where its effects are witnessed. Externally in the following complaints:

For Dropsy Creating extraordinary absorption at once.
All Swellings Reducing them in a few hours.
Rheumatism Actively drawing, giving quick ease.
Sore Throat By cankers, ulcers or colds.
Croup and Whooping Cough Externally, and over the chest.
All Bruises, Sprains and Burns curing in a few hours.
Sores and Ulcers Whether fresh or long standing, and fever sores.

Its operations upon adults and children in reducing rheumatic swellings, and loosening coughs and tightness of the chest by relaxation of the parts, has been surprising beyond conception. The common remark of those who have used it in the Piles, is, "It is like a charm."

THE PILLS. The price $1 is refunded to any person who will use a bottle of Hays' Liniment for the Piles, and return the empty bottle without being cured. These are the positive orders of the proprietor to the agents; and out of many thousands sold, not one has been unsuccessful

We might insert certificates to any length, but prefer that those who sell the article should exhibit the original to purchasers.

LOOK OUT. Some swindlers have counterfeited this article, and put it up with various devices. Do not be imposed upon. One thing only will protect you it is the name of COMSTOCK & CO. that must be always on the wrapper, or you are cheated. Do not forget it. Take this direction with you, and test by that, or never buy; for it is impossible for any other to be true or genuine.

W. M. BROWN'S COMPOUND HONEY ESET CANDY, for the cure of Coughs, Colds, Difficulty of Breathing, Sore Throat, and all pulmonary complaints. It is also in extensive use for Clearing the Voice of Vocalists and Public Speakers. Its efficacy is fully established for removing the above complaints. As there are imitations in the market, that are frequently sold for Genuine, in order to avoid them the proprietor of this valuable Cough remedy, is to the great expense of having it stamped "Wm. Brown, Boston." Also the Directions are signed. For genuine observe the stamp, and receive no other Price 19 cts for 4 oz. The great increase of sales this season is sufficient to satisfy the whole community of the superiority [illegible] of this article:

I hereby certify that in the month of October, 1839, I manufactured from a medicated decoction furnished by Wm. Brown, Druggist, 481 Washington Street, Boston, 624 lbs of his Compound Honey Candy [illegible] factured for him 2000 lbs, showing an increase to satisfy all that the article is truly all the go. THE MASSACHUSETTS CHARITABLE MECHANIC ASSOCIATION.

NOTICE.

ANNOUNCE to the public that their THIRD EXHIBITION for the encouragement of Manufactures and the Mechanic Arts, will be opened at Quincy Hall in the city of Boston commencing on MONDAY, SEPT. 20, of the present year

The officers and trustees for the year 1841, having been vested by the association with full powers to make the necessary arrangements, respectfully invite Manufacturers, Mechanics and Artists, the ingenious and scientific, to offer for Exhibition and Premium articles in every department of Art, Science, and Taste; choice specimens of native skill and ingenuity, useful labor-saving machines, implements of husbandry, and new models of machinery in all their variety: in fact every species of article for any useful or ornamental purpose, made of wood, stone, metal or other material. The products of the loom in silk, cotton, wool, hemp, flax or hair and all articles devised by female ingenuity, or wrought by their industry, will have a proper place in the exhibition.

Medals (of gold or silver) or Diplomas will be awarded for all articles of merit deemed worthy of such distinction; and the Managers themselves that strict impartiality will be observed in their distribution and that competent judges shall be appointed, who in no case will be competitors for premiums on articles exhibited.

To the fullest confidence that this notice will meet the early attention of the Manufacturers and Mechanics of Massachusetts, as well as of our sister States, (whom we shall be proud to meet in this glorious field of competition) the Managers will make such arrangements as shall insure a fair and full opportunity for a display of every article which may be entered on or before the 15th of September, and although they will not exclude such articles as may be afterwards offered, yet they cannot promise them so conspicuous a place in the Exhibition as those will have which are earlier entered.

Articles intended for Exhibition must be delivered to the Superintendent at Quincy Hall, on or before Wednesday Sept. 15th.

Articles may be offered by Apprentices, (by permission of their Masters, who, if required, must give their names, ages, and the time they have served as apprentices) which will be registered, but will be judged as the productions of Apprentices.

Arrangements will be made to exhibit, in operation, any working models that may be offered, which will render the Exhibition useful and interesting.

Communications relative to the Exhibition may be addressed to WILLIAM WASHBURN, Superintendent, or HENRY W. DUTTON, Secretary, 10 & 12 Exchange street, (post paid)

CONSUMPTION.

DR. ALLEN'S BALSAM of Horehound, Liverwort, and Pleurisy Root, FOR CONSUMPTION AND LIVER COMPLAINT. Oldest Coughs, Spitting of Blood, Catarrh, Asthma, Difficulty of Breathing, Pain in the Side, Palpitation of the Heart, Oppression and Soreness of the Chest, Pleurisy, Hectic Fever, Night Sweats, Difficult and Profuse Expectoration, and all affections of the Chest, Lungs and Liver

The Hoarhound Liverwort, and Pleurisy Root have for centuries been celebrated in the cure of diseases of the Lungs and Liver.

Dr. B. D Allen, after a series of experiments, has been able to extract from these medical herbs a balsam, which exerts a most wonderful effect in curing Consumption and Liver Complaint, and all other diseases of the Lungs and Chest. So great has become the reputation of Dr. Allen's Balsam that it is now used in the New York, Philadelphia and Baltimore Hospitals, and in the private practice of our most eminent medical men.

For children laboring under Inflammation of the Lungs, Colds, Coughs, Croup, Quinsy, and Sore Throat this Balsam is of great importance. The number of deaths among children from these diseases is truly alarming. If parents wish to save the lives of their children, and themselves much trouble, anxiety, and expense, let them procure Dr. D. B. Allen's Balsam, and whenever a child has taken cold, has any fever, cough, or hoarseness, give a teaspoonful of this medicine, and repeat it if necessary; even one teaspoonful will often effect an entire cure. During the winter of 1839, rising of one thousand families employed this remedy in the city of New York. The consequence was that the number of deaths among children was reduced to less than one half the usual number, as may be seen by the city inspector's report of deaths.

In order to give the reader some idea of the efficacy of this Balsam, and how extensively it is used, we here introduce the monthly report of the cures it performed in the month of May, 1839, as furnished us by the agent, and published in the N. York Sun

"Monthly Report of the cures performed by Dr. B. D. Allen's Balsam of Hoarhound, Liverwort, and Pleurisy Root during the month of May. It has cured and completed the cure of

Consumption	41	"
Liver Complaint	102	"
Dyspepsia	196	"
Asthma	91	"
Palpatation of the Heart	87	"
Raising Blood	66	"
Total	1652	

"The number of Colds and Coughs cured by this medicine are too numerous to report."

CAUTION.—Purchase none unless it has Certificate of "Copyright" on wrapper and label and the written signature of B. D. ALLEN, M.

The following certificates show the high estimation in which Dr. Allen's Balsam is held

OPINIONS OF THE MEDICAL FACULTY.

At a meeting of the Medical Society of Washington County, the following Resolution was unanimously passed

Resolved, That from a knowledge of the composition of Dr. Allen's Balsam of Hoarhound, Liverwort and Pleurisy Root, and the most astonishing effects we have seen it have upon our patients, it is our decided and unanimous opinion that it will cure Consumption and Liver complaint, and we do strongly recommend it to the faculty and the public generally.

JOHN SMITH, M. D. President.
DAVID F. HALE, M. D. Secretary.

From J. L. Rogers, M. D. N. Y. City.

Dr. B. D. ALLEN, Dear Sir—For a year past I have been in the habit of prescribing your Balsam of Hoarhound, Liverwort, and Pleurisy Root to my patients in private practice; I have also used it in the Hospital. I find it a remedy of great efficacy in affections of the Lungs and Liver. In cases of Consumption, Cough, Asthma, and Bronchitis, I have found it very efficacious, and I believe it is prescribed very generally by the profession.

I have the honor to be, yours, &c.

To B. D. ALLEN, M. D. J. L. ROGERS, MD.

From Rev. Dr. Scott, of New York.

Dr. B. D. ALLEN. Dear Sir I am most happy to inform you that your Balsam of Hoarhound, Liverwort, and Pleurisy Root, has cured me of the Liver complaint; a disease under which I had labored upwards of six years. I have recommended it to several of my friends when afflicted with the same malady, and in every instance has it been successful. Hoping that God may spare your life for usefulness, I am respectfully yours,

BALDNESS.

A VEGETABLE HEAD OF HAIR is the greatest ornament belonging to the human frame. How strangely the loss of it changes the countenance, and prematurely brings on the appearance of old age, which causes many to recoil at beholding it, and poor souls even shun society to avoid the jests and sneers of their acquaintance; the remainder of their lives is consequently spent in retirement. In short, not even the loss of property fills the generous thinking youth with that heavy sinking gloom as does the loss of his hair. To avert all these unpleasant circumstances, OLDRIDGE'S BALM OF COLUMBIA stops the hair from falling off on the first application, and a few bottles restores it again. It likewise produces eyebrows and whiskers; prevents the hair from turning gray, makes it curl beautifully, and frees it from scurf. Numerous certificates of the first respectibility in support of the virtues of Oldridge's Balm are shown by the proprietors.

Read the following:

ROBERT WHARTON, Esq. late Mayor of Philadelphia, has certified, as may be seen below, to the high character of the following gentlemen:

The undersigned do hereby certify that we have used the Balm of Columbia discovered by J. Oldridge, and have found it highly serviceable not only as a preventive against the falling off of hair, but also a certain restorative.

JOHN S. FUREY, 101 Spruce st.

JOHN GARD, Jun., 123 Arch st.

It will certainly raise its virtues in the estimation of the public, when it is known that three of the above signers are more than 50 years of age, and the others not less than 30.

[From the Mayor.]

COMMONWEALTH OF PENNSYLVANIA, } City of Philadelphia.

I, ROBERT WHARTON, Mayor of said city of Philadelphia, do hereby certify that I am well acquainted with Messrs. J. P. Inglis, John S Furey, and Hugh McCurdy, whose names are signed to the above certificate, that they are gentlemen of character and respectability, and as such full credit should be given to the said certificate.

In witness whereof, I have hereunto set my hand, and caused the seal of the city to be affixed, this sixth [L. S.] day of December, &c.

THE HAIR! THE HAIR!!

NO better evidence is wanting to allow the superiority of the Genuine Buffalo Oil, over other preparations, than that a number of Druggists are endeavoring to imitate it and foisting their miserable imitations on the public, for genuine. Read advertisement. Beware of Pedlars.

The Genuine Buffalo Oil is fast taking place of all other articles to promote the growth, soften and beautify the Hair; its use gives it a softness that no other article does, and causes it to curl beautifully by free use it will darken and give the hair a silk in gloss, it is highly perfumed and gives perfect satisfaction to all who have given it a trial. You will observe the signature of the proprietor—William Brown,' also 'Buffalo Oil,' imprinted on the bottle. In consequence of a counterfeit which has recently appeared and is now for sale, I have been persuaded to obtain a new label engraved on copper, for which I have secured a copy-right, entered according to an act of Congress in the Clerk Office of the District Court of Massachusetts. THE ORIGINAL AND GENUINE BALSAM OF LIVERWORT, and the most popular remedy for Pulmonary Complaints. Price 50 cts a bottle the true, original and genuine Balsam of Liverwort, that has now been in use in Boston, N. York and Philadelphia, for the past thirteen years. It is the most popular remedy now in extensive use for the cure of Coughs, Colds, and all Pulmonary Complaints, Whooping Cough, Phthisic, Sour Stomach, Pain in the Side, and all Diseases of the Lungs, Liver Complaint, &c. For genuine, call for M. M. Gardner's Balsam of Liverwort; and observe the signature of the proprietor, WM BROWN, Chemist, 481 Washington st., Boston, on the outside wrapper. As a further security against counterfeits I have taken out a copy right of the outside direction, entered according to act of Congress, in the Clerk's Office of the District of Massachusetts, in the year 1840. Any infringement will be dealt with as the law directs. It is purely a vegetable compound, and is now recommended by many of the first physicians. See certificates accompanying directions. Its superiority over all other preparations is now fully established it needs only a trial.
